

# PROARGI-9 PLUS™

ProArgi-9 Plus is Synergy's top-selling product and the cornerstone of any nutritional regimen.

One serving contains 5,000 mg (5 grams) of elemental pharmaceutical grade L-arginine. Often referred to as the "miracle molecule," L-arginine has potent health-enhancing properties.

The remarkable properties of L-arginine were validated by the 1998 Nobel Prize in Medicine, and since then have created a frenzy of interest in the pharmaceutical and nutraceutical fields. The efficacy of L-arginine as a therapeutic agent has been validated by thousands of scientific clinical studies.

ProArgi-9 Plus was formulated in collaboration with leading L-arginine researchers such as J. Joseph Prendergast and other cardiovascular specialists who have conducted pioneering research in the proper application of L-arginine in promoting cardiovascular health. These experts have helped create the best L-arginine product on the market.

L-arginine is best known for its cardiovascular benefits. In the body, L-arginine is

converted to nitric oxide, which relaxes the blood vessels. This reduces stress on the heart and improves circulation. L-arginine is the body's major source for nitric oxide synthesis. Without nitric oxide, human life would not be possible. L-arginine also reduces blood viscosity. Scientific studies have shown that L-arginine aids in reducing blood pressure levels.

L-arginine also enhances health in a number of other ways. It helps improve immune function, stimulate the release of human growth hormone (HGH), and promote healthy sexual function. It may also boost energy levels, help to build muscle, and reduce adipose tissue body fat.

ProArgi-9 Plus is a unique product with great taste, far-reaching health benefits, and powerful support for the cardiovascular system. With ProArgi-9 Plus, you're giving your body the support necessary for a long, healthy life.

ITEM NO. SU74165 | Net Wt 10.6oz (300g)

Benefits	Instructions	Ingredients: L-arginine, xylitol, pomegranate concentrate (Punica granatum) l-citrulline, d-ribose, grape skin extract (Vitis vinifera), red wine extract.
<ul style="list-style-type: none"> <li>• Supports cardiovascular health.</li> <li>• Enhances blood flow to vital organs.</li> <li>• Combats the negative effects of premature cardiovascular aging.</li> <li>• Sweetened with xylitol to enhance oral health.</li> <li>• Great-tasting citrus berry flavor.</li> <li>• Anti-aging benefits.</li> <li>• Supports healthy sexual performance.</li> <li>• May aid in decreasing body fat.</li> <li>• Maintains healthy blood sugar levels already in the normal range.</li> <li>• May boost energy levels.</li> </ul>	<p>Mix one serving (one scoop providing 5 g elemental l-arginine) with 4 to 8 oz. of water (depending on individual taste). Stir to dissolve. If water is very cold, mixture will take about 1 minute to dissolve.</p>
